Dr. Wilson Heads Galen Society.

At a meeting of the Galen Society held at the home of Dr. J. Rozier Biggs Monday evening Dr. Edward Comstock Wilson was elected president of the society. The other officers elected were Dr. Charles Stanley White, vice president, and Dr. E. W. Titus, secretary and treasurer. Several interesting cases were reported, and the retiring president, Dr. Carl Henning, read an original essay on ocular defects. A smoker followed the business and literary sessions. The following members of the society were reported absent on active military duty: Lieut. Col. Reichelderfer, Capt. H. J. Bryson, Lieuts. D. W. Tastet and Joseph B. Bogan.

Children's Recreation Center.

Friendship House is the recreation center of its neighborhood, and many groups of boys and girls of different ages are meeting there daily. In the evening every room is filled with the older boys and girls, having wholesome good times in a wholesome atmos-phere.

good times in a wholesome atmosphere.

Down in the basement is the boys' clubroom, where there are various games, etc., to entertain them. For several years the settlement rented an old building and used it as a gymnasium, and as it was the only available gymnasium in the entire southeast section of the city, except for the one at Eastern High School, it was crowded every night. The building was sold last year, however, and no other suitable place could be found to fill this great need.

There is group dancing, sewing and a study class, each group under the direction of a leader. Last year there were about 375 boys and girls enrolled in the various clubs and classes, and about fifty women in women's clubs.

Mothers' Club Limited.

The Mothers' Club is another very important group. Because of the limited quarters, the membership has had to be limited to about twenty. Of these nine have been members of the club ever since its organization, about seven years ago. The club is educational as well as social. Many talks are given through the year by competent persons on subjects relating to child welfare or homemaking. One meeting a month is devoted to a cooking lesson.

A corps of physicians examine every member rho takes any work in the gymnasium. This xamination is worth \$5.00 to any man who is attrested in his health. It enables the physical director to give each man just the exercis suited to his particular needs. This work may be taken at your convenience

in one of the classes or individually. The gymnasium is open from 7 a.m. until 10 p.m. every week day. The facilities offered members are the finest to be had in the city.

You can add weight or take off fat, and replace it with healthy tissue. When you begin to use the gymnasium regularly you will forget your troubles and go home to dinner with an ap-petite that will be a surprise to your wife. After dinner you will have that good old down-on-the-

farm tired feeling that makes you want to go to bed and sleep as you have not slept since you mere a youngster. Any business man knows that this sort of treatment is going to send him to work in the morning with a clear brain and vigorous physique, that he so much desires; that it will add years to his life and dollars to his income. The cost of all this is very small—only \$15 a year, including individual steel locker and many other privileges not mentioned here.

"I am not musical or literary enough to be able to describe the Vocalion tone. It is simply the tones of voices and instruments -unchanged. And it is full of personalitythe very first record on the Vocalion brought me up tensely, listening to every phrase.

"I was lost in the music—I thrilled to it as if an artist were actually playing to me.

"No phonograph ever impressed me that way before. The tone was natural and vibrant with the personality of the artist! That was it!

"Then I tried the Graduola.

"All my life I have been musically dumb and here in a second the musical gifts of the world were mine.

"I was filled with the glow of achievement. "Cautiously I pressed the simple little device together - the tone swelled to the full Vocalion volume. I drew it apart—the music faded to the daintiest pianissimo.

"I put into the Vocalion a fine tenor record of 'Somewhere a Voice is Calling,' and played it!

"That big, wonderful voice was my own! I simply controlled it by the pressure of my fingers upon the Graduola instead of by the stretching of the vocal cords in my throat. "I spread the tone color in rude, rich

daubs. Perhaps the result was execrable. But I can't believe music which sounded so good to me would not appeal to others. "That song came from the Vocalion with

my heart and soul behind it and in it. Good or bad it was my own—and the most interesting music in the world to me.
